

# STOMP ROCKETS

## STUDENT HANDOUT

Record the results of your investigation in the table below.

| Launching angle in degrees | Distance travelled in meters (trial 1) | Distance travelled in meters (trial 2) | Distance travelled in meters (trial 3) | Average distance travelled in meters |
|----------------------------|--|--|--|--------------------------------------|
|                            |  |  |  |                                      |
|                            |  |  |  |                                      |
|                            |  |  |  |                                      |
|                            |  |  |  |                                      |
|                            |  |  |  |                                      |
|                            |  |  |  |                                      |
|                            |  |  |  |                                      |
|                            |  |  |  |                                      |
